

**Functional**  
**Film & Tape Expo**

**06-07-08 Aug 2025**

Yashobhoomi, IICC, Dwarka New Delhi, India

Empowering Industries with  
**Next-Generation Functional**  
**Films & Adhesive Tape**  
**Solutions**

— Organised by —

**SDLC**  
Sustainable Development  
Leaders Council

[www.filmtapeexpo.com](http://www.filmtapeexpo.com)

**The Functional Film & Tape Expo** is an essential B2B trade show dedicated to the dynamic functional film and adhesive tape industry. This premier event features an extensive selection of products, including innovative functional films, high-performance adhesive tapes, advanced tape processing equipment, vital auxiliary equipment and accessories, essential raw materials, and much more! By uniting global resources in the functional film and adhesive tape sectors, the expo provides an unparalleled platform to display cutting-edge products and technologies that serve the entire industry chain. This event is designed to foster collaboration between upstream and downstream enterprises, revealing exciting new business opportunities while driving sustainable growth and development in the industry. Don't miss your chance to be a part of this transformative experience!

**The Functional Film & Tape Expo** is not merely a trade show; it's an essential gathering point where the leading innovators of the industry unite to drive the future of tape and functional film technologies. Join us for an exciting three-day exhibition and conference that will feature over **100 top exhibitors**, showcasing more than **500 varieties of cost-effective equipment** and over **1,000 unique materials**.

## What will the Functional Film & Tape Expo Feature

Functional Film & Tape Expo is strategically organized into five distinct zones, each dedicated to a specific sector of the industry. This structure highlights the diversification, precision, and specialization within the functional film, adhesive tape, die cutting, and coating industries.

**Newer Energies Zone:** This zone will focus on advanced films, tape materials and solutions required for Photovoltaic and Lithium Battery production. As these materials are essential for achieving higher efficiency, safety, and sustainability in clean energy technologies.

**Adhesive Zone:** Showcases the latest research and development achievements of various high-performance and environmentally friendly adhesives, chemical raw materials, functional additives, solvents, and coating equipment.

**Functional Film Zone:** Bringing together leading functional film and adhesive tape enterprises from around the globe, the segment will showcase cutting-edge manufacturing technologies and applications. Visitors can source a wide range of raw materials, finished products, as well as coating and die-cutting equipment from top global suppliers.

**Smart Manufacturing Zone:** This zone will demonstrate how smart manufacturing processes i.e. Advanced production Equipment's, Quality Control technologies, Automation is revolutionizing the functional films and adhesive tape sectors providing support to the companies to enhancing productivity and sustainability.

**Sustainability Zone:** Highlights eco-friendly solutions and innovations driving the future of film and tape Productions. Featuring recyclable materials, biodegradable alternatives, and energy-efficient processes, this zone promotes sustainable practices across the flexible packaging industry. Explore cutting-edge designs that balance functionality with environmental responsibility.

# Key Products to be Presented at the Trade Show

## Functional Films:

BOPET/BOPP/BOPE/PET Film/ CPP Film, LDPE/LLDPE/HDPE Films Including, Packaging Films, Industrial Films, Speciality Films, Protective Film, Lamination Films, Barrier Films, Bubble Films, Composite films (Film, Paper, Foil), Antibacterial Films, Easy Tear Film, Transfer Film, Reflective Film, Antistatic Films, Heavy Packaging Films, anti-rust Films, Release Film, car Cover Film, Glass Window Film, Insulation Film, Decorative Film, Holographic Film, Printing Film, Aluminized Film, Printing Compound Film, Mulch Films, Electronic & Electrical Device Film, New Energy Films, Optical Film, Temperature Resistant Films, Surface Protection Films, Graphene Film, Sustainable Films. Etc.

## Adhesive Tapes:

Adhesive Tapes of Various Films, Paper, Cloth, Foam, Foil, Composite Materials including Double-Sided Tapes, Polyimide Tapes, Teflon Tapes, PVC Tapes, Die cut Adhesive Tapes, High Temperature Tapes, Butyl Tapes, Insulation Tapes, Security Tapes, Reflective tapes, Scotch Tapes, Ducting Tape, Masking Tape, Art & Craft Tapes, Specialty Tapes, Stationery Tapes, Packaging Tapes, Electrical Tapes, Automotive Tapes, Industrial Tapes, Biodegradable Tapes, Fiber Tapes, Auxiliary Materials (Release materials), Paper Core Etc.

## Chemical Raw Materials:

Master Batches, Resins, Polymers, Solvent, Adhesives, Silicon's, Glues, Release Agents, Additives, Foam, Epoxy Resins, Defoamers, Inks, Coating Products, Other Raw and Auxiliary Materials.

## Die-Cutting & Coating Materials:

Shielding/Insulation/Thermal/Electrical/Dust/Vibration Resistant Materials; Plastic/ Foam/ Rubber/ Metal/ Fiber, Foil (Copper, Aluminum) Materials; Paper, Fabric/non-woven Fabric/mesh, etc.; Other Flexible Coils/die-cut Materials

## Secondary Processing Equipment & Accessories:

Precision Coating Machines, Die-Cutting Machines, Rewinding Machines, Stretching Machines, Laminating Machines, Slitting Machines, UV Curing And Drying Machines, Slicing Machines, Coating Heads, Mixers, Dryers, Deviation correction, Tensile testing machines, Surface Treatment Equipment, Coating Drying Equipment, Servo Devices, Oven, Laser Equipment, Coating Rollers, Filtering Devices, Corona Treatment, Correction Systems, Defect Detection Equipment's, Measuring Side Thickness Meters, Clutches, Molds, Rollers, Blades, Molding Machines, Automatic Cutting Tables, Screen Printing Machines, Gravure Printing Machines, Clean Rooms, Cleaning Systems, Protection Systems, Analysis/Measuring/Testing Instruments & Related Controls Systems, Etc.

## An exhibition for those who are engaged in these industries: (Visitor Profile)

Functional Film & Tape Expo will offer an opportunity to Users/Buyers, Decision makers, Technologists, Marketing / Purchase & Technical heads, Specifiers & QA professionals from:

### Industry Audience:

Film Manufacturers | Adhesive Tape Manufacturers | Printing/Flexible Packaging Industry | Material & Chemical Merchants | Technology Equipment Manufacturers/Suppliers | Processing/Trading/Agents

### End –User:

Consumer Appliances | Food/Beverage | Logistics | Ecommerce | Automotive | Pharmaceuticals | New Energy | Agriculture | Bulding / Construction | Electronics

India's Functional Film and Adhesive Tape industry is experiencing significant growth, driven by advancements in technology and increasing demand across sectors like packaging, automotive, electronics, and healthcare. The rise of smart and sustainable materials is shaping market trends, with a focus on high-performance films for packaging, protection, and customization. The demand for eco-friendly, recyclable, and cost-effective products is prompting manufacturers to innovate. With a growing manufacturing base and expanding application potential, India's functional film and adhesive tape sector is poised for continued expansion and global competitiveness.

## Key Discussion Themes

- \* Innovations in Functional Films & Adhesive Tapes: Shaping the Future of Packaging
- \* Sustainable Solutions: Eco-friendly Materials in Film & Adhesive Tape Manufacturing
- \* Cost-effective Manufacturing: Efficiency & Automation in Adhesive Tape Production
- \* Regulatory Standards & Compliance: Navigating the Complexities in Tape and Film Industries
- \* Adhesive new materials and new energy applications and markets
- \* The Future of Biodegradable Films & Tapes in a Circular Economy

## About the SDLC

Sustainable Development Leaders Council (SDLC) is a not for profit organisation that works in the area of planet friendly initiatives like Sustainable Development, Clean Energy Transition, Green Supply Chains, Sustainable Agriculture & Equitable Growth... We do so by building networking opportunities for leaders in the space to meet, share ideas on doing business responsibly and transferring best practice in the process.
